Health Care Leadership Certificate

Certificate: 97-196-4
Campus: Online and at the Beaver Dam, Fond du Lac and West Bend Campuses

Description

This certificate develops the management and leadership skills of the health care worker. Current supervisors and those who want to be supervisors build the fundamental skills to be successful in leadership in the health care field. Taken from the Leadership Development program, these courses focus on issues relating to leading in a health care environment.

This certificate allows students to take associate of applied science degree courses without the time commitment of a full-time program—the credits can be later applied toward a degree if the student desires. In addition, graduates or students currently enrolled in the program may find they have already completed some of the certificate's requirements.

These classes are offered in the accelerated format and are designed for employed adults. Courses are offered online to accommodate the varied schedules of health care providers. Extensive out-of-class work is required.

Courses in this certificate can be customized for on-site company training.

Outcomes

- Explore strategies to direct individuals and processes in the workplace.
- Practice team-building and problem-solving strategies.
- Examine the changing environment of organizations.
- Examine demographic changes taking place in the workplace.
- Examine personal values and perspectives that relate to the workplace.
- Use Total Quality Management concepts and tools in the workplace.

Career Opportunities

Many people interested in this certificate are presently employed in the field of management or are looking to move into management roles. These classes provide formal education and networking for employed adults. This is a growth area for many health care facilities.

Note: For those individuals interested in moving from an individual contributor role to management, this certificate provides skills necessary for success as a first-time supervisor.

Admission Process

- Submit the college admission application.
- Submit the $30 one-time fee.
- Meet with an admissions specialist to determine the best course sequencing and prerequisites (strongly encouraged).

The Final Steps

When you are in the last semester of coursework, complete the graduation candidacy form and submit it with the $25 fee to the Registration Office.
